## Quiz $7 \quad$ Calculus $3 \quad$ 11/12/2007

Each problem is worth 5 points. Clear and complete justification is required for full credit.

1. Parametrize and give bounds for the rectangle with vertices $(3,0,0),(3,2,0),(3,2,5)$, and $(3,0,5)$.
2. Parametrize and give bounds for the portion of a cylinder with radius 5 centered on the $y$-axis between $z=2$ and $z=20$.
