

Problem Set 1**Calculus 1****Due 10/12/16**

You are encouraged to work in groups of two to four on this assignment and make a single group submission. 10 points are possible.

1. Come in to talk to Jon for 5 minutes or so about your second exam. Get him to sign on the line below:

2. Redo one of the problems from your second exam. Get Jon to agree to which problem is most worth it. You can put it on this sheet or, better yet, print a fresh copy (available from Jon's Central Page at <http://www.public.coe.edu/~jwhite/f16/clc1ex2.f16.pdf>) and redo it on that page for bunny stamp consideration.
