

Math Culture Points

A portion of the grade for this course will take the form of Math Culture Points. These will be earned through activities outside of class including, but not necessarily limited to, those listed below:

Activity	Points	Maximum
Colloquium Attendance	5	–
Colloquium Presentation	5-15	2
Conference Attendance Midwest Sports Analytics Meeting	5-15 15	2
Mathematics Competition Participation [Yeah, as far as I know they mostly got cancelled this year]	15	2
Math Culture Reading Specific readings will be posted, typically around 6 each semester Any article from <i>Math Horizons</i> With approval, any relevant article from <i>Math Magazine</i> , <i>CMJ</i> , etc.	5	– 3 3
Math Club Activities (when appropriate) Movies, Math Club portion of Playground of Science, Speakers, Workshops, etc.	5	--
Other Appropriate Coe or Outreach Activities Chess Club Meeting Job Shadowing in any relevant field Volunteer Outreach (Garfield, McKinley, etc. – talk to Jon for information!)	5 10 5	2 1 4

You should plan to spread your participation throughout the semester. In each case above, credit assumes both full participation and posting a brief summary/response on Moodle **in a timely manner**. These reflections should generally be between 100 and 300 words, and include both a brief summary and your personal thoughts on the event, and **must be submitted within one week of the event**, or within the specified time window for other activities. Up to three units of credit may be submitted after normal deadlines in the “Math Culture – Late” category on Moodle, but otherwise exceptions will not be made without serious extenuating circumstances.
